

Dear Resident,

Thank you for your recent participation in the City of Tolleson Alley Closure Program. In efforts to reduce crime, illegal dumping, and to help beautify public right of way, the City of Tolleson greatly appreciates your involvement.

As a valued customer and resident of the City, it is important to understand that your full participation in this program is necessary for it to be successful. Having access to your alley way is a privilege that requires that all proper steps are being followed when entering and/or exiting your property through the public right of way. Below is a list of simple steps that if not followed, may lead to the revocation of your access.

1. Participants using MasterLock Vault ***MUST*** open the lock via the app.
2. Participants are ***REQUIRED*** to close the gate and lock after use. (it is ok for participants to leave the gate open and unlocked if use requires ingress and egress of the alley way for an extended period of time not to exceed 4 hours. If more than 4 hours is needed, participant will need to contact Field Operations for approval)
3. Participants are encouraged to report any damaged equipment, (this may include but is not limited to malfunctioning locks, gates, or fencing) to the City of Tolleson Field Operations Department immediately.
4. Participants are encouraged to report any suspicious activity or vandalism to Tolleson Police Department at 623-936-7186, and 911 for any emergency within the alley way.

As a participant of this program, I have read and acknowledge the terms set forth by this notice and understand that by not following those terms may lead to the revocation of my access.
